# LIBERTY MOYERS

ELECTED OFFICER CANDIDATE

## ABOUT ME

*Hello Ohio DECA! My name is Liberty Moyers and I am a junior at Carey High School and a four year DECA member. I would love to be a part of the next state officer team and work to make the upcoming DECA year one to remember for all members. With a positive mindset and the desire to succeed, all things are possible!*

## EXPERIENCE/ ACCOMPLISHMENTS

**•Ohio DECA Public Relations Representative 2019-2021**

**•Carey DECA Chapter Secretary and Leadership Committee Member**

**•2018-2020 State Qualifier and 2020 National Qualifier**

## MY GOALS IF ELECTED

### Bridge The Communication Gap After Covid

- Begin Chapter Visits With Chapters Across The State (Virtual For Now)
- Start Ohio DECA One Calls Back Up (Previously Started On Team 76)
- Have Monthly Calls With Other State Associations (Great Networking Opportunity)
- Provide More Networking Opportunities That Have Been Lacking In The Past
- Make Sure Every Member And Advisor Feels Heard And Valued

### Member Mentor Program

I began this program during this unexpected year full of surprises and obstacles, but I would love to continue it into the new DECA year to provide members with a new and innovative way to network with other Ohio DECA members with today's restrictions. The member mentor program would pair experienced members with new members and allow them to meet for virtual (hopefully in-person) meetings to share ideas, competition tips, and get the opportunity to create a lifelong friendship.

### State Association Calls

If given the opportunity, I would love to work with the rest of the amazing leaders on the state officer team to make state association calls happen. While working on Team 76, we were able to begin Ohio DECA One Calls, where members from Ohio DECA could communicate with each other and the state officers to discuss various DECA related topics. My goal would be to begin calls with other state associations and their members as well. With nationals being cancelled, how amazing would it be to network with other state associations? Ohio DECA, if we all work together, we can make this DECA year one to remember!
